## **SECTION II: OBSERVATIONS**

### **1. Curricular Aspects**

- CBCS has been implemented for the prescribed programmes.
- Flexibility in course selection is provided by the Institute as per the syllabus prescribed by the affiliating University.
- The Academic Calendar is prepared and strictly followed, including Continuous Internal Evaluation (CIE).
- Some courses in the programmes include experiential learning opportunities.
- Feedback is systematically analysed, and appropriate action is taken for the overall development of the Institute.

### **2. Teaching, Learning and Evaluation**

- The Institute has qualified faculty members appointed in accordance with the prescribed rules and norms of the competent authorities.
- Remedial coaching classes are conducted for slow learners.
- The student–teacher ratio is maintained in accordance with the applicable norms.
- Along with traditional teaching methods, ICT-enabled teaching and learning methods have been adopted.
- Programme Outcomes (POs) and Course Outcomes (COs) have been clearly defined and are displayed on the College website.
- Examinations are conducted as per the rules and regulations laid down by the affiliating University.
- The overall results of the Institute are satisfactory.

### **3. Research, Innovation and Extension**

- The Institute has an approved Ph.D. Research Centre, which provides opportunities for advanced research and promotes a strong research culture.
- More than 70% of the faculty members are engaged in research activities.
- Faculty members are actively involved in research, publications and other scholarly activities.
- Faculty members have published 7 research papers and 2 book chapters.
- A Startup and Innovation Cell has been established.
- The Institute has 9 functional MoUs with various industries and institutions.
- Impactful extension activities are carried out during the academic year.

#### **4. Infrastructure and Learning Resources**

- The College has adequate infrastructural facilities for effective teaching and learning.
- Five LCD projectors are used for ICT-enabled teaching.
- The College uses Google Meet, whenever required, to support modern ICT-enabled teaching and learning practices.
- The Central Library is fully automated and provides access to INFLIBNET resources, network resource facilities and OPAC (Online Public Access Catalogue).

#### **5. Student Support and Progression**

- More than 90% of students benefit from various scholarship schemes.
- The Alumni Association makes a valuable contribution to the development of the Institute.
- Students actively participate in various College committees.
- Career counselling and guidance are provided to students.
- Six students have pursued higher education in different institutions.

#### **6. Institutional Values and Best Practices**

- Good initiatives have been undertaken for gender equity, along with a Gender Audit.
- Green and Environmental Audits have been conducted periodically.
- An Energy Audit has been conducted.
- Rainwater harvesting facilities are available on the campus.
- Vermicomposting and compost pits are maintained on the campus.
- Necessary facilities have been made available for Divyangjan (Persons with Disabilities).
- The best practices implemented by the College have created a positive impact.
- All necessary safety measures have been observed on the College campus.

### **SECTION III: OVERALL ANALYSIS BASED ON INSTITUTIONAL STRENGTHS, WEAKNESSES, OPPORTUNITIES AND CHALLENGES (SWOC)**

#### **Strengths**

Matoshri College of Management and Research Centre was established in 2008 and has demonstrated consistent growth in providing quality education. The Institute has qualified faculty members appointed in accordance with the prescribed rules and norms of the competent authorities. The Institute actively promotes quality teaching, research, innovation and institutional development.

The Institute has an approved Ph.D. Research Centre, which is a significant institutional strength. The Research Centre provides opportunities for doctoral research, faculty research, scholarly publications and the development of a strong research culture. Faculty members actively participate in research activities, and the Institute has recorded publications including research papers and book chapters. Smart classrooms and ICT-enabled teaching facilities are available to enhance the learning experience of students.

The Institute has an active Mentor–Mentee Scheme to address the academic and socio-psychological needs of students. Various extension activities, such as Yoga Shibir, Godavari River Cleaning Campaign, Voter Awareness programmes and tree plantation drives, are conducted regularly. The Central Library is automated and provides access to digital and network resources. The Institute has also undertaken several initiatives for gender equity, environmental sustainability and student welfare. The green campus, rainwater harvesting, vermicomposting and facilities for Divyangjan further strengthen the institutional environment.

#### **Weaknesses**

- Full-time counselling and specialised guidance for competitive examinations are not presently available.
- Students from rural backgrounds require additional support for improving communication skills, confidence, professional competencies and employability skills.
- Further strengthening of industry exposure, placement-oriented activities and advanced research collaborations can enhance the overall academic and professional development of students.

## **Opportunities**

- The Ph.D. Research Centre provides significant opportunities for strengthening research, doctoral studies, collaborative research, publications and funded research projects.
- The existing MoUs can be further utilised for student internships, placements, industry interaction and interdisciplinary research.
- The Institute can explore further collaborations with reputed industries, academic institutions and research organisations.
- Self-financed certificate and skill-development courses can be introduced to enhance students' employability.

## **Challenges**

Being located in a rural area, the Institute faces challenges in maintaining and increasing enrolment in various programmes. Another significant challenge is improving students' communication skills and overall employability competencies. Increased industry interaction, skill-development initiatives, career guidance and placement-oriented programmes can help address these challenges.

#### **SECTION IV: RECOMMENDATIONS FOR QUALITY ENHANCEMENT OF THE COLLEGE**

1. The Institute should further strengthen collaborations and linkages with industries, reputed academic institutions and research organisations.
2. The Institute may introduce self-financed, value-added and skill-development certificate courses to enhance students' employability and professional competencies.
3. The Institute should further strengthen its approved Ph.D. Research Centre by encouraging quality research, doctoral research, collaborative projects, research publications, seminars, workshops and conferences.
4. Faculty members should be encouraged and motivated to apply for research grants from appropriate funding agencies such as the Indian Council of Social Science Research (ICSSR), University Grants Commission (UGC), All India Council for Technical Education (AICTE), Savitribai Phule Pune University (SPPU), and other relevant national and international funding agencies, subject to the eligibility criteria and availability of research schemes
5. Faculty members should be encouraged to publish quality research papers, reference books, textbooks, book chapters and other academic resources.
6. The Institute should further strengthen industry interaction, internships, placement support, career guidance and skill-development activities for students.
7. Special emphasis should be given to improving students' communication skills, professional competencies, employability skills and competitive examination preparedness.

#### **ACCEPTANCE OF OBSERVATIONS AND RECOMMENDATIONS**

We have carefully gone through the observations and recommendations made by the AAA Expert Team for the quality enhancement of the College. We agree with the aforesaid observations and recommendations and shall take appropriate measures for their effective implementation and continuous improvement.
